DO YOU SEND OUT CIRCULARS ?

IF SO,

UPINGTON'S DIRECTORY OFFICE,
317 Washington Street, Brooklyn
(Telephone 3004 Main)

is prepared to make a contract with you to ADDRESS
your envelopes, FOLD, INSERT and SEAL your
circulars and MAIL them. Or if in BROOKLYN
will deliver them AT MUCH LESS THAN POSTAL
RATES.    

We are prepared to compile lists covering all
trades and professions throughout the United States
and Canada from the latest Directories.  

Stock lists are valueless and we keep none on
hand. We are receiving New Directories almost daily.

Before doing anything in this line SEE US and
we will satisfy you that we can save you TIME,
LABOR, VEXATION and MONEY. 

Our Directory Library is the most complete in
the United States; charge for consulting and copy-
ing moderate. Single references to subscribers free.

DO YOU SEND OUT CIRCULARS?

IF SO, HOW MANY TIMES A WEEK?

IF NOT, WHY NOT?

IF YOU DO NOT, YOU ARE MISSING A GREAT OPPORTUNITY.

IF YOU DO, YOU ARE MISSING A GREAT OPPORTUNITY.

The market was active and well supported, with a general upward movement in prices. The leading stocks, including the Standard Oil Company, American Tobacco Company, and United States Steel Corporation, showed significant gains. The market was characterized by a strong demand for shares, particularly in the industrial and financial sectors. The overall sentiment was optimistic, reflecting the positive outlook for the coming year.

The market continued its upward trend, with prices for most major stocks reaching new highs. The Standard Oil Company's stock was particularly prominent, showing a steady increase in value. The American Tobacco Company and United States Steel Corporation also saw substantial gains. The market was well supported by a large volume of trading, indicating a strong interest in the securities. The overall performance was impressive, with many stocks showing double-digit percentage increases.

The market's momentum was maintained, with prices for key stocks continuing to rise. The Standard Oil Company's stock reached a new peak, while the American Tobacco Company and United States Steel Corporation also showed significant gains. The market was characterized by a strong demand for shares, particularly in the industrial and financial sectors. The overall sentiment was optimistic, reflecting the positive outlook for the coming year.

DENTISTRY

THE modern way of doing difficult things is to divide them into parts and employ specialists on each part. This method has not been employed in dentistry because, (1) no ordinary dental practice has work enough to steadily employ specialists in each branch; and (2) there is only one branch — filling teeth — that is profitable when practiced separately. The demand for crowns, artificial teeth, etc., is so small, comparatively, that it is difficult to build up a practice in either of these specialties alone.

FIVE BRANCHES.

Within recent years dentistry has grown to be a complex profession. New methods and inventions have come into use, until there are now five distinct branches, demanding skill of five distinct kinds. Many dentists undertake all five, though unable to do more than one branch properly. Naturally, four-fifths of such work is not well done; in many cases it is very badly done.

MY METHOD.

My practice is large enough to enable me to employ specialists in each branch. Every man on my staff knows one department of dentistry in all its details and profits by co-operation with men who equally understand the other four. I select only operators with natural skill in a particular branch. This natural skill is enhanced to the uttermost in my office by constant practice.

Briefly stated, my method attains three important results:—

- (1) Excellence and durability of work.
- (2) Ease and brevity of operations.
- (3) Reduction of cost.

Come and talk with me personally. I make no charge for consultation.

✿ DENTISTRY ✿

MOST dentists are careless about the pain their patients suffer, and have but a single means of avoiding it; some of one sort and some of another. When this one preventive succeeds, well and good; when it fails, the patient's protests are met with the calm assurance that nothing more can be done, and the work proceeds under the most adverse conditions for both patient and operator.

THE CADY SYSTEM.

The dentist who tries to overcome all sorts of sensitiveness with a single remedy will fail oftener than he succeeds, just as a physician would fail who prescribed a single medicine for all sorts of disease. The "Cady System" is based upon the knowledge that the conditions of dental sensibility are numerous, requiring a wide range of remedies. It embraces every method known to the profession at large, and some that are not generally known. It succeeds in making filling and crowning painless, because it takes each of the various sensitive conditions into account.

PRICES.

A comparison of prices will show that I charge much less than most private practitioners. "But," you ask, "is the work as good?" I reply, "It is better, because no dentist who does his own work CAN achieve such excellent results as I do with my corps of specialists."

Dentistry as I practice it is a serious profession, involving education, carefulness and skill. Therefore I cannot compete in price with the ignorant, the careless, or the unskillful. But my prices are about one-half those charged by most GOOD dentists.

Send for my 44-page booklet, "Dentistry by Specialists, and Well-known People Who Recommend It."

If you have Bright's Disease or Diabetes, I want you to try Allouez Water

IT is a natural Magnesia Spring Water, bottled as it flows from the Springs at Green Bay, Wisconsin. I know, personally, of scores of people who have regained health and strength from drinking Allouez (pronounced "Al-o-way") Water after they had suffered for years with diseased kidneys. Those who know the terrors of Bright's Disease or Diabetes will realize the joy that would result in relief from these diseases which slowly but certainly sap life away unless a successful remedy is found and used.

Medicines containing alcohol should never be used for kidney diseases, as all authorities agree that nothing is more irritating to the kidneys than alcohol. In fact, it is itself a frequent cause of kidney disorder. As Allouez Water is nothing but pure, natural water, containing only natural curative properties, combined by Nature herself, it is the ideal remedy to use with perfect safety and best results.

I am anxious to send a record of cures and other interesting Allouez literature to all who will supply an address. One does not need to be ill to appreciate Allouez Water. It is a splendid table water and its use will positively act as the "ounce of prevention" that is always so much better than the "pound of cure." Your name and address, or possibly that of a suffering friend, by postal, letter or telephone will bring the literature promptly.

Kissick's Business Institute.

One of the best in Brooklyn for thorough instruction and training of Young Men and Women for business. The institution occupies the entire building, lighted on all sides, in a select and central neighborhood,

45 to 51 ASHLAND PLACE (formerly Raymond St.)
between Fulton Street and DeKalb Avenue, convenient to all the Trolley cars, The Long Island Railroad Depot and the Kings County Elevated Railroad and by means of the transfer system, convenient to all parts of Brooklyn and Long Island, and Greater New York.

TERMS reduced, in this Famous Institute, for thorough, practical teaching, in **STENOGRAPHY, TYPE-WRITING** and **BOOK-KEEPING**, to worthy, ambitious young men and women seeking lucrative employment, and coming well recommended, with a fair English Education. The three studies formerly, day session, \$50, now \$20; evenings, \$25, now \$10.

THE COMMERCIAL COURSE in this Institution includes all branches required to prepare pupils thoroughly, up-to-date, for business. Modern methods in Book-keeping by Single and Double Entry, Business Papers, Business Writing, Arithmetic, Spelling, Letter Writing, Business Law, Civil Government, Political Economy, Commercial Geography, History of Commerce, etc. Our students can take the whole or part of this course. None excel us in giving good attention, honest dealing, kind treatment to each student, and none equal us in moderate prices for a thorough business education, by competent gentlemen.

Per term of 10 weeks, Day, \$20. Evening, \$10.

“ “ 10 months, “ 60. “ 30.

STENOGRAPHY, TYPEWRITING AND BOOK-KEEPING, young men and women would learn thoroughly and practically, if they knew how they could be aided in securing lucrative employment, free of charge. For the three studies, day, \$20; evenings, \$10 per term.

TYPEWRITING—There is a special demand for first-class Stenographers and Typewriters, who can transcribe their shorthand notes satisfactorily. This school has just been equipped with all the best, modern, up-to-date typewriters. They can be learned in one term for which we charge \$10.

THE ENGLISH COURSE consists of Reading, Writing, Spelling, Grammar, Composition, Letter Writing, Literature, Rhetoric, Physiology, History, Geography, etc. Merchants and business men will agree with us, when we say that besides Penmanship, Arithmetic, Business Forms and Book-keeping—important as these unquestionably are—there are other things, without a knowledge of which, a good business education cannot be considered as complete. Among these we would particularly mention correct Spelling, Punctuation and a sufficient acquaintance with the rules of Grammar and Composition to enable the student to compose either a good letter, business card or advertisement. For the acquisition of these accomplishments the ambitious student will find in our Institution the most ample facilities. The full English Course, per term, day, \$25; evenings, \$15. One year, day, \$75; evenings, \$45.

LINOTYPE OPERATING taught correctly, quickly and thoroughly, in **KISSICK'S BUSINESS INSTITUTE**—the only institute in the world where it can be learned.

PREPARATORY DEPARTMENT, for those who are backward or whose early education has been neglected. Such will receive *individual instruction* in the studies they require.

CIVIL SERVICE. Gentlemen and ladies prepared for examination.

YOUNG MEN proposing to enter College or Theological Seminary, to engage in any of the learned professions, or anything requiring a liberal education, Higher Mathematics, Mechanical and Architectural Drawing, Lettering, Designing, etc., can have thorough instruction with us day or evening.

PENMANSHIP is taught by the Principal and his assistants. In removing stiffness, Trembling of the Hand, and in making Good, Plain, Rapid, Graceful, Off-hand Business Writers (Muscular Movement), they stand pre-eminent. \$8 per quarter; 25 lessons, \$5.

PARENTS EDUCATE YOUR SONS and DAUGHTERS that (if necessary) they may be self-supporting.

LADIES' DEPARTMENTS. Separate apartments for Ladies and Misses, where they receive the same thorough instruction as gentlemen.

EVENING SESSION. For the benefit of those who may be unable to attend during the day, we hold an evening session from 7 to 9 o'clock. None too backward or too old to learn, as each student will be instructed separately.

IN NO OTHER institution is the comfort of the pupil more studied, and his moral training better attended to.

DEPORTMENT. The discipline of the Institution is mild, but effective. We rule by love, and not by fear. The principal and his assistants appeal to the student's sense of gentlemanly propriety and behavior; yet prompt and cheerful obedience will be insisted upon, and no insubordinate person will be retained in the Institution.

LANGUAGES. Students should earnestly consider the advantages to be derived from one or more of the Languages that are taught in KISSICK'S BUSINESS INSTITUTE, by quick, easy methods, and applied practically to the modern system of business correspondence at a very small cost, that will pay in better, steadier employment and larger salaries. We teach German, Spanish, French, Latin and Greek. Terms \$10 to \$15. Day or evening.

CALL between 9 A. M. and 2 P. M. (evenings 7 to 9), that we may talk over our proposition. Our students have a quiet, clean, healthy, well-lighted place where each learner has the help of a competent, experienced teacher who explains the lesson to each student that he may learn it more thoroughly. An experience of 36 years on our part, teaching and training young men and women successfully for business, is at your disposal.

KISSICK'S BUSINESS INSTITUTE.

Students can commence any time, and terms date from the time they begin with us.

College open for Instruction, Visitors and Applications from 9 A. M.
to 9 P. M.

THE LEADING ARTISTS
OF THE COUNTRY
USE THE **KNABE PIANO**
ONLY BECAUSE IT IS
THE PIANO OF TO-DAY.

The new Knabe Grands and Uprights are the realized ideals of piano perfection, and are the models after which are patterned other makes that aspire to the Knabe Standard.

ADVANTAGES OF OUR SYSTEM

Perpetual

Dispenses with the annual transfer of ledgers. Once opened no further extra labor of the bookkeeper is required.

All Items of an Account

Are kept together, no matter what length of time the account covers, or how active it may be.

Live Accounts Only

Are retained in the Current Ledger. All filled leaves and closed accounts are filed in Transfer Ledger.

Quick Reference

The index being distributed through the book admits of locating the accounts much more rapidly. No separate index necessary.

Saves Time Posting and Balancing

As only open accounts are dealt with, and these are all properly arranged and their position is always the same.

Arrangement of Accounts

Can be had as to locality, by states or salesman's territory, in alphabetical order, as to time of opening, or activity.

No Spacing Necessary

Each account is given a separate leaf. Active accounts can therefore have unlimited space.

Less Liability for Error

Accounts are more surely located, and with one account on each leaf the proper space is readily found.

Expansive

It admits of insertion of new accounts from time to time in proper place without disturbing any other.

Easily Handled

As both sides of the leaf are used for each account, a much smaller sized book can be used.

Facility

One or a dozen persons can work on the books at one time in taking off statements or posting or balancing.

Convenience

Of having a customer's account all together, saving time of bookkeeper looking through a lot of old ledgers.

Simplicity

A trial balance is more readily taken off. Tabulation or abstract is simplified and systematized.

Adaptability

Any business of any size, or any sudden change in activity, as well as any arrangement necessary, can be accommodated.

Economy

In every case it costs far less in the long run—less in material, less in time, less in labor.

OVER 23,000 BOOKKEEPERS NOW USING OUR LEDGERS TESTIFY TO THESE POINTS OF SUPERIORITY

SPECIAL LOOSE LEAF SYSTEMS

For the Purchasing Department

Requisition Order Systems in Manifold, Quotation Record, Cost Book, Purchase Record, Stock Report, Perpetual Invoice Filing System.

By the use of a number of these systems in combination, we not only accomplish what you now secure with your present methods, but in addition we give you an absolute check and instant reference as to goods ordered, en route and received; instant and accurate information as to the amounts owing; absolute certainty that accounts are correct, as you work with the O. K. 'd invoice itself, and not with figures three or four times transferred from the original invoices; the assembling of all invoices for any one firm in one place; an absolutely flexible system that will work just as well with 50 as 5,000 accounts, which will save 25 to 50 per cent. of the amount of work done at present.

For the Sales Department

Order Blank System, Binders, Holders and Blanks; Manifold Order Books and Blocks.

We can create an Order System, suitable to any business, whereby the original order can be used for filing, shipping, billing and charging the order, and thereby eliminate all journalizing of sales.

Billing and Charging System.

Adapted to most any business — an invoice and journal entry being made at one writing.

Can be used either for typewriter or hand writing; produces an exact copy of every invoice.

Salesmen's Price Books, Route and Expense Reports, Advertising Information Reports.

For the Shipping Department

Safety Manifold Shipping and City Delivery Receipts and Books.

By the use of which errors in shipment are prevented and all possibility of loss through miscarriage eliminated.

For the Accounting Department

In this department we offer the greatest labor-saving systems known to accountants. We can create for any mercantile or manufacturing business a complete system on the loose leaf plan whereby a daily statement of the condition of the business can be procured as soon as the day's posting is done, making a monthly trial balance unnecessary.

Perpetual Ledgers — General Sales and Creditors.

Perpetual Trial Balance and Proof Books, Journal, Cash and Other Auxiliary Books.

On the loose leaf plan facilitate, to a great degree, the work of the accountant. We also furnish

Bills Payable and Receivable Forms, Voucher Systems, Check Registers,

Pocket Ledgers and Collection Reports.

Monthly Statement System.

Especially adapted to a credit business where an itemized statement is issued. By this system we save all itemizing in the ledger. It has many other commendable features.

Inventory System.

By which any number of clerks can work thereon at one time without the necessity of rewriting.

For the Manufacturing Department

We devise Special Factory Order Systems, Cost, Material and Labor Records, Time and Pay Roll Records, etc.

Factory cost accounting is one of our specialties, and we can provide a system by which an accurate account can be kept of all material, labor and expense, showing actual cost of each article produced.

For Banks and Trust Companies

Loose Leaf Systems have become generally recognized as especially suitable for Commercial and Savings Banks, and have been universally adopted for

General Individual and Liability Ledgers, Journals, Receiving Tellers' Reports, Clearing House Reports, Discount Registers and Ticklers, Check and Draft Registers, Collection Registers and Ticklers, Minute and Signature Books.

Our Daily Balance Book offers many advantages over any other system of daily balancing. We have also devised many useful manifold forms for the Collection Department, saving time and labor.

Baker-Vawter Audit Department

Regular and Special Audits made for Corporations, Firms and Individuals. Financial and Physical Examinations by Experienced Auditors and Engineers. Takes Entire Charge of Corporation and Private Records, and Keeps Accounts of Executors, Guardians, Trustees and Receivers. Has Competent Practical Examiners for Banks, Insurance Companies and Other Financial Institutions.

A certificate from this company after a thorough examination is useful as a basis for credit, purchase or sale.

Complete Business Systems Devised

This Company makes a Specialty of Devising Complete Systems for Financial, Mercantile and Manufacturing Institutions, Employing all Well-known, Proven Methods and Appliances.

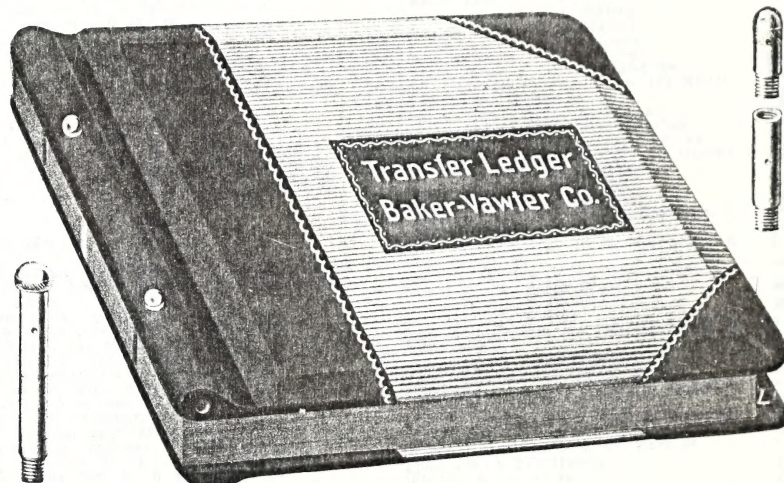

By means of these harmonious systems the results in each department are known in detail at the close of business. Accurate account is kept with all stock purchased and sold. By removing all friction between employees and departments, all work is greatly facilitated, and time and labor saved. Correspondence solicited.

BAKER-VAWTER COMPANY

OUR SECTIONAL POST BINDER

- Holds securely one sheet or one thousand.
- Has no long and unsightly posts projecting to catch on everything and be in the way.
- Can be opened and expanded to receive leaves without removing the cover.
- It is equipped with one-half and six one-inch sections for each post.
- It is particularly adapted for filing records of any kind that require indefinite expansion.

PATENTED MARCH 17, 1892. DECEMBER 19, 1899.

Securely Locked by mechanism in top cover.
Key-hole shown in lower left hand corner of cut.

We have 60 salesmen covering the entire country. If one is not located in your city, he can call on you in a few days if you will notify our nearest office.

We are the originators and manufacturers of the Perpetual Ledger and many other Loose Leaf Labor-Saving Systems.
